

Maths

We will apply the problem-solving cycle to help us to find the solutions to solving maths problems involving: the calculation and conversion of units of measure, using decimal notation up to three decimal places where appropriate. There will be a lot more investigative work AND we shall continue our journey in developing our knowledge of algebra.

PSHE- Respecting Rights

- The concept that we can all make choices to live as rights-respecting citizens.
- Discuss human rights being shared by all people – no matter who they are or where they are from – and that these rights are there to protect all people, enabling them to live happy, safe and healthy lives.
- Children to understand that no one can take away their rights. Explore the ideas of equality and discrimination and the consequences of both.
